ABOUT ME

I'm a conscientious, punctual, and imaginative individual with a fervor for acquiring new skills and sharing my own. Driven to tackle assigned tasks with enthusiasm, I'm currently in my ninth semester studying mathematics. Endowed with strong analytical prowess, I thrive in problem-solving scenarios. My passion lies in the realms of machine learning and data analysis, where I explore the intricate intersections of data patterns. Proficient in Python libraries such as Numpy, Pandas, Matplotlib, and Sklearn, I navigate these tools with adeptness and finesse.

ACADEMIC INFORMATION

Curriculum Program: Math

Language: English

Level: B1

Course name: Machine learning y data science: course with Python

Plataform: Udemy

Duration: 31 hours

SKILLS

Python: Intermediate

SQL: Intermediate

Excel: Advanced

Power Bi: Advanced

Tableau: Intermediate

WORK EXPERIENCE

• Mathematics Tutor

A significant portion of my academic journey has been self-funded through providing mathematics tutoring to fellow university students from both my institution and others, as well as offering private tutoring sessions to high school students.

• Freelance Developer

I design applications in Flutter

• QA/QC Intern

I recently completed my internship at Mineros Colombia in the QA/QC department, where I further honed my analytical skills. Working with a dynamic team, I contributed to the enhancement of quality assurance processes
